RE: Policy 2145410 UD-1

STATOTHR

Dear Mr. Dulles:

Quite sometime ago you notified us that [REDACTED] would be driving your automobile, and in view of his age it was necessary to adjust your policy to the higher Class 2 rates, providing for drivers under 25.

It is necessary for record purposes, that we have information on all drivers of the automobile, and we would appreciate it if you will have [REDACTED] complete, sign and return the enclosed driving questionnaire for your records.

STATOTHR

Thank you very much for your cooperation.

Very truly yours,

H. S. Walker
